34	<u>No. of Test Cases</u>
0	Passed
0	Failed
34	Not Executed

Functional Area: Alma Synchronisation			
Test Name: 4.03 Changes to Alma record			
Pre-requisites: IE linked to an Alma record in Alma sandbox			
Action	Expected Results	Status	Actual Results / Comments
Search for IE linked to an Alma MMS in the permanent. (check that its DC record has been updated by Almaworker). Take note of DC Title & Publisher fields.	IE has complete Object Identifier section with Alma MMS ID/AlmaRep ID & OAI, and DC record updated with Alma metadata	Not Executed	
Go to test Alma (sandbox) and find the Alma Bib record linked to your selected IE (search using the Alma MMS). Select to edit the record and change the Title (245) & Publisher (260/b) Marc fields . Save changes	Alma bibliographic record is updated.	Not Executed	
From Alma - run Alma /NDHA publishing job	Job runs successfully with record and at least 1 updated record	Not Executed	
From Rosetta - run Alma Sandbox OAI-PMH Harvester job	Job runs successfully. Log records that match found for test IE .	Not Executed	
From Rosetta - runSandbox Alma Metadata Update Job	Job runs successfully. Log records that IE record for test IE has been successfully updated .	Not Executed	
Check test IE DC record	Changed Title & Publisher fields should have been updated in the DC record	Not Executed	

Functional Area: Alma Synchronisation			
Test Name: 4.04 Re linking to new Alma record (not periodic)			
Pre-requisites: Select (non periodic) IE linked to an Alma record in Alma sandbox (find record that only has 1 IE linked) Alma record that not linked to any IE in Rosetta			
Action	Expected Results	Status	Actual Results / Comments
Search for IE linked to an Alma MMS in the permanent.	IE DNX record - Object Identifier Section contains: object Identifier Type=ALMAMMS, object Identifier Value=99#####3502836 2 object Identifier Type=ALMAREP, object Identifier Value=32:32#####00028360002836 3 object Identifier Type=OAI, object Identifier Value=oai:nlnz.alma.exlibrisgroup.com:32#####0002836	Not Executed	
Go to Alma search for Alma MMS	Alma Record has Representations and View It Tabs	Not Executed	
Select Representations Tab	Digital Representation record is listed for the test IE	Not Executed	
Select View It Tab	Delivery Link to the test IE is available	Not Executed	
Find new record in Alma that not currently linked to any IE - update the" IE for Alma change.csv" file with your testIEPid and the new ALMA MMS			
In Rosetta - Lock IE and Run NLNZ-Alma Relinking MMS task. (you will need to add the input filename and location for the MMS Update task (/net/pawai/natlib_data/dps_export/test/IE for Alma change.csv)	Task completes successfully	Not Executed	
Check the IE DNX Record - Object Identifier Section	MMS ID - now has the new value and new MMSREP ID /OAI Values	Not Executed	
In Alma search for the old Alma MMS record	Record returned - No Representation or View It Tabs available	Not Executed	
In Alma search using the old Alma REP ID	No records found	Not Executed	
In Alma search for using test IEPID	Record returned - new MMS record - has Representation and View It Tabs available.	Not Executed	

Select Representations Tab	Digital Representation record is listed for the test IE	Not Executed
Select Edit the Rep record and update the label field with new title. Save	Changes are saved	Not Executed
Select View It Tab	Delivery Link to the test IE is available	Not Executed

Functional Area: Alma Synchronisation			
Test Name: 4.05 Re linking to new Alma record (periodic IE)			
Pre-requisites: Select periodic IE linked to an Alma record in Alma sandbox			
Action	Expected Results	Status	Actual Results / Comments
Search for IE linked to an Alma MMS in the permanent.	IE DNX record - Object Identifier Section contains: object Identifier Type=ALMAMMS, object Identifier Value=99#####3502836 2 object Identifier Type=ALMAREP, object Identifier Value=32:32#####00028360002836 3 object Identifier Type=OAI, object Identifier Value=oai:nlz.alma.exlibrisgroup.com:32#####0002836	Not Executed	
Go to Alma search for Alma MMS	Alma Record has Representations and View It Tabs	Not Executed	
Select Representations Tab	Digital Representation record is listed for the test IE	Not Executed	
Select View It Tab	Delivery Link to the test IE is available	Not Executed	
Find new record in Alma that not currently linked to any IE - update the " IE for Alma change.csv" file with your testIEPid and the new ALMA MMS			
In Rosetta - Lock IE and Run NLNZ-Alma Relinking MMS task. (you will need to add the input filename and location for the	Task completes successfully	Not Executed	
Check the IE DNX Record - Object Identifier Section	MMS ID - now has the new value and new MMSREP ID /OAI Values	Not Executed	
In Alma search for the old Alma MMS record	Record returned - No Representation or View It Tabs available	Not Executed	
In Alma search using the old Alma REP ID	No records found	Not Executed	

In Alma search for using test IE PID	Record returned - new MMS record - has Representation and View It Tabs available.	Not Executed
Select Representations Tab	Digital Representation record is listed for the test IE	Not Executed
Select Edit the Rep record and update the parameters with correct citation data -vol/issue/no/year/month/day etc and regenerate the label and save.	Changes are saved	Not Executed
Select View It Tab	Delivery Link to the test IE is available	Not Executed

Functional Area: Alma Synchronisation			
Test Name: 4.06 Alma/Rosetta Metadata Resynch			
Pre-requisites:			
Action	Expected Results	Status	Actual Results / Comments
After completion of tests 4.05 and 4.06 - run Alma publishing Job	Job runs successfully. From Publishing report - at least 2 new records and 2 deleted records	Not Executed	
From Rosetta - run Alma Sandbox OAI-PMH Harvester job	Job runs successfully (with warnings) Log records that match found for 2 records and 2	Not Executed	
From Rosetta - runSandbox Alma Metadata Update Job	Job runs successfully Log records that IE record for test IEs have been successfully updated .	Not Executed	
Check test IE DC records	DC Records are updated with metadata from the newly associated Alma records	Not Executed
